

Chemistry Semester Two Online Course Syllabus
Alejandro.Anguiano@sweetwaterschools.org

This syllabus will be modified when we return to our physical classroom.

ATTENDANCE:

- Monday, Wednesday and Friday - Periods 1, 3 and 5 in Google Meet
- Tuesday, Thursday and Friday - Periods 2, 4 and 6 in Google Meet

Students are required to attend class in Google Meet during synchronous lessons and to work on their assigned tasks during the asynchronous portion of class.

Additional Support: Students will receive extra support on Fridays when we have pro-hour schedules in Google Meet. If students need additional support, they must contact the teacher to schedule additional office hours between 8:30 am and 8:50 am on Tuesdays and Thursdays. Students may also stay in Google Meet during the asynchronous portion of class for additional support and to present corrected Tasks or to submit late Tasks.

CLASSROOM EXPECTATIONS

Students will:

1. Login to class in Google Meet on time
2. Come prepared to learn with a pencil or pen, paper, periodic table, and a scientific calculator
3. Be respectful
4. Participate

GRADING POLICY

Scholarship

Grades will be earned based on a points system.

Tasks will be assigned. You are expected to work on the Tasks immediately after the synchronous lesson ends and the asynchronous portion starts. Unless otherwise noted in the Task instructions, the Tasks are due the same day that they are assigned. If you turn in an assignment late, you are expected to present the late work for review to Mr. Anguiano during the asynchronous portion of class or during pro-hour on a Friday.

When work is not presented correctly, you will be asked to make corrections and present the work to Mr. A during the asynchronous portion of class. Initially you will receive a zero until the corrected work is presented.

In a five-day week, any assignment that is submitted after 2 pm on Friday the week that it has been assigned is only eligible for half credit.

The Tasks will range from 2 points to 20 points depending on the level of difficulty.

Grades will be determined using the following percentage scale:

A+= 97.0	A = 94.0	A- = 89.5
B+= 87.0	B = 84.0	B- = 79.5
C+= 77.0	C = 74.0	C- = 69.5
D+= 67.0	D = 64.0	D- = 59.5

Citizenship

Students need to be active and respectful participants. Grades will be based on student preparation, class participation, and student behavior. Unexcused absences and tardiness will lower citizenship grades.

Task 2

2 points

You are required to review the online syllabus with a parent or guardian.

Complete this form. Take a picture of it after signatures are gathered and turn it in under Task 2.

If you do not have a printer, copy what is printed below. Take a picture of it after signatures are gathered and turn it in under Task 2.
